DESIGN

Arrival at The Gardens Mall is nothing short of dramatic with its handsome finished entry pavers, tiered fountain, and two illuminated frosted glass pylons, only hinting at the center's breathtaking interior. Inside, soaring skylights allow natural light to flood the gleaming shopping corridors and common areas where luxurious touches such as sumptuous cherry wood, stainless steel and natural stone create a modern environment that is spacious and comfortable. All of this forms the ideal backdrop from which to display the Gardens' collection of fine sculpture from four world-renowned artists: "Diana" by Albert Wein, "Newborn" by William Zorach, "Maya" by
